

In Mechanical Engineering Department, in addition to the Rafet Kayış Faculty of Engineering General Internship Principles, the following conditions have been determined for MEC 301 Internship I and MEC 401 Internship II courses.

- Internship notebooks must be submitted to the Department Internship Commission no later than 1 month from the start date of the courses in the relevant semester.
- Internship notebooks will be prepared in English.
- Students whose internship notebooks are subject to a revision decision shall make the necessary revisions within two weeks and submit their internship notebooks to the commission.
- On a date to be announced by the Internship Commission within the relevant semester, students shall make a presentation in English regarding their internships. The presentation meeting shall be open to the participation of all students in the department.
